Commerce ISD Strategic Family Engagement Plan for Pre-Kindergarten Families

# STRATEGIC FAMILY ENGAGEMENT PLAN

Family engagement is the mutual responsibility of families, schools, and the community to build relationships that support student learning and achievement. Family engagement supports family well-being, and the continuous learning and development of children, families, and educators. Family engagement is fully integrated in the child’s educational experience and supports the whole child and is both culturally responsive and linguistically appropriate.

The “Family” is defined as the adults responsible for the child’s care, and the children in the child’s life, who support the early learning development of the child
