CISD Student-Athlete Drug/Nutritional Supplement Disclosure Statement

I, acknowledge and understand that many compounds obtained from nutritional stores are not subject to the strict regulations of the United States Food and Drug Administration, and therefore the contents of such substances may not be represented accurately and may contain impurities or banned substances, which may cause me to test positive. I understand that labeling on these products may be misleading and/or inaccurate, and that sales personnel are paid only to sell the product, and cannot accurately certify that these products contain no substances banned by UIL. Terms such as "healthy" or "naturally occurring" do not necessarily mean they are safe to take or use, or that the UIL endorses a product or approves its usage. I also understand that some substances may interact negatively with prescribed medications.

I acknowledge that BEFORE taking or using any drug or supplement, I have sole responsibility for taking appropriate steps to ensure that it does not contain any substance banned by the UIL. I also acknowledge the risk of losing my eligibility to participate in intercollegiate athletics if I test positive for an UIL banned substance, REGARDLESS of the source of the substance or reason for its presence.

By making this disclosure, I am requesting that these products and their ingredients be reviewed by the Commerce ISD Athletic Training staff for the purposes of determining whether they are medically safe to use and do not contain substances banned by the UIL. I understand that I should not take or use these products unless their use has been approved by the Head Athletic Trainer.
